

# Chargers and Beginners tire rules

Chargers and Beginners will all be on Hoosier tires only. They will be required to follow the regular SSO tire rules with these exceptions. They will be allowed 6 tires each, any combination of new or used tires. If a racer would like to "bump up" to their respected division during SSO they can bring only the new tires they had branded. Any used branded tires will be required to be held by INEX until after the completion of round 10.

Teams will have the round 5 option of two tires new or used. They will be required to hand in 2 of their 6 branded tires.

ANY USED TIRE must have at least 4/32 tread depth and must be equal tread depth across the tire. Must not be cut or buffed or it will not be branded. INEX officials reserve the right to deny any used tire that does not meet their standard.
