

Rulebook update #42825 - 1 B

Bandolero spindle mount / heim end jam nuts

As of 4/28/25, Rule #20, page 89 of the 2025 INEX Rulebook is updated to the following:

20. JAM NUTS: At least one jam nut is required to be used with all heim joint ends. **The jam nuts used on the upper & lower rod ends in the front control arm plate, used to hold the front spindle bolt, must measure between 1/4" – 7/16" thick.**

THANK YOU FOR YOUR COOPERATION,
INEX
