

RULE UPDATE #12126L

After some internal discussions and speaking to a wide band of our competitors, crew & teams, INEX has decided to update the Legend Car rule concerning rear car weight percentage to 54 %. This rule will be checked with the driver in the car (along with the total & right side weight rules).

The 2026 INEX Rulebook (to include this rule update) will begin on March 1st 2026.

Thank you for your cooperation.

Scott Reinhardt (INEX General Manager)
