Rule up-date #5102024-1

As of June 1st, 2024, The following will be added to the Bandolero Carburetor rule (#2, page #98 of the 2024 INEX Rulebook):

A minimum main / fuel jet size will be put in place for each engine configuration (open, red plate & blue plate).

OPEN ENGINE

RIGHT FUEL JET = 110 / .0430"

LEFT FUEL JET = 105 / .0405"

RED PLATE ENGINE

BOTH FUEL JETS = 112.5 / .0440"

BLUE PLATE ENGINE

BOTH FUEL JETS = 117.5 / .0465"

These jet sizes are minimums. If a Bandolero carburetor is found with fuel jets smaller than listed for each engine configuration, that driver will be disqualified.

Scott Reinhardt (INEX General Manager)
